Grand Palais Éphémère

An Exclusive Concert Series

The American Celebration of Music in France includes destinations and musical experiences that remind participants of Franco-American ties and long friendships that date back to the American Revolution in 1776. Normandy (Omaha Beach and the American Cemetery) and Eastern France provide opportunities to pay musical tribute to thousands of Americans who never returned to America, having given their all for the present freedom of Europe and our country.

In Paris on any given day, there are possible as many as 300 difference concerts. The French love and support both traditional and contemporary musical performances. Paris was “second Vienna” for French musicians and composers including Berlioz, Auger, Gounod, Saint-Saens, Franck, Faure, Ravel, Debussy, and many others. France boasts many music festivals throughout the country, particularly in the summer months. The potential availability of prestigious and gorgeous venues in Paris alone is staggering. Imagine a performance by your musicians in Notre-Dame Cathedral, Les Invalides, La Madeleine, La Trinite, Jardins du Luxembourg, St. Roch, the American Cathedral, St. Severin, or a French château! Your concert tour is truly enriched with your surroundings of art history, architecture, and beauty that is best experienced “first hand.”

The entire process was very well organized and stress-free for the participants. Many of my fellow musicians were so impressed with my stories and pictures from my first MCI trip (for D-Day 70 in 2014) that they decided they just had to come along for D-Day 75.
