*Toledo is one of the great jewels of Spain! It stands out dramatically against the often luminously blue Castilian sky, a golden city rising from a granite eminence, encircled by a steep ravine filled by the green waters of the Tagus. It is as spectacular as it is rich in history, buildings. Art at every corner has a tale to be told, every aspect reflecting a brilliant period of Spanish history when the cultures of east and west flourished and fused. One is constantly aware of this imprint of Christian, Jewish and Moorish cultures which productively co-existed during the Middle Ages*
